RAVES

Greg -

It looks like this is the
end, - of school that is.

We is all graduating,

It has been a good 4 years. We

have had a lot of good times like

the time we built the bookcase for Fred.

Good luck in life - live it to its fullest.

Wayne D. Dwyer
"11/80"

Greg, you sex pot you,
I can never seem to control
myself around you, you're
so cute. You've also got
great legs too, but I never
get to see them. Not lucky
this summer.

Love

Dave

Greg,

Well, well. We've
done it at last. Time
for us to move on to
bigger & better things.
I'm gonna miss all
you crazy guys that
are graduating. I just
hope we'll see each
other again before we
are old & gray & have
too much arthritis to boogie.
Take it easy & may God
bless your life.

"The United States is a big country with many kinds of people. Your way to live is more flexible than in Finland."

"Kannakin offers many kinds of activities after school, but often the possibilities for participating are just with people who have been interested in their activity for a long time. The people are nice, but often they have their own groups and it is hard to get in."

"I live in a western part of the country in a town called Zagreb. Zagreb is the second largest city in the country, and it's the capital of Croatia. However, it is the most important industrial and cultural center. The University, music festivals, theaters, famous school of cartoon films are just a few of the things which my town offers.

I've found the United States a big and different country. People are very proud and willing to help. Sometimes, I get the feeling that they underestimate other countries.

Kamiakin is a very big and modern school. The teachers are very good. Students tend to stick to their own group of friends. Something I don't like is that the school rules are too strict and the hours are too long.

I plan to enjoy as much as I can - meet new people, make new friends, learn something new and travel.

On my return to my country, I plan to attend the University studying law and English. I may be able to continue my travel throughout Europe with friends."

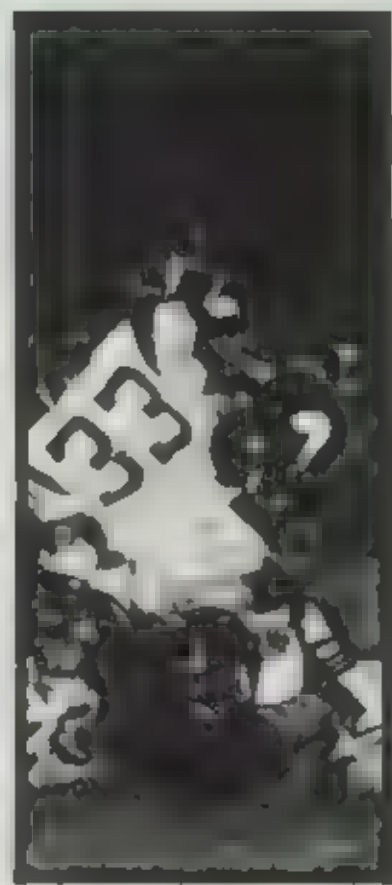

When you remember me,
if you remember me,
I hope you see
it's not the way
I want it to be,
or I'd be with you now.
But wherever you go,
my love goes with you

Keep on smiling.
keep on shining.
even though you know
you want to cry
I tried to love you,
and looking in my eyes,
you saw promises and lies
too many times

I'll be with you,
keep believing
somethings even time
can't come between.
And if you blame me,
try to realize
there were promises and lies
too many times

When you remember me,
if you remember me,
it's not the way
I want it to be,
or I'd be with you now,
But wherever you go,
my love goes with you."

Success comes in many different sizes, shapes, personalities and "umph". The 1979-1980 Kamiakin Varsity Cheerleaders had it all wrapped up into one high spirited and talented group

These young ladies had their ups and downs but always found a reason to keep going on. Their continued motivation helped to inspire the spirit and pride of Kamiakin that which alot of us at times found hard to find when key situations arose

KATHY BARKER

ROBIN HENAGER

The Cheerleaders were not only sports oriented; they were active and participating members within Pep Club; some worked hard each week putting the 1980 Totem in shape for you; some participated in spring sports. They were "spirit".

Mrs. Provinzano and I are proud to have advised such a group as the 1979-1980 Cheerleaders, and wish those graduating continued success and "umph"

JUNIOR VARSITY

Just as the 1979-1980 Varsity squad, the Junior Varsity Cheerleaders played an important part in the success, pride and spirit of our Junior Varsity and Freshman sports program. They were as spirited and competent as any group of girls that Kamiakin has had. They were ready at a moments notice to "do the job" for our teams, continuing our high standard of spirit. Good Work!

ACTION

Kamiakin began the season picked to finish in the second division of the Big Nine. The Braves roared off to a fast start by going unbeaten through their first five games and setting a great showdown battle against cross-town rival, Kennewick. The high point of the season proved to be an exciting win over the Lions, which shot Kamiakin to a Number 9 ranking in the state polls. Following a loss to Richland, Kamiakin battled a great Wenatchee team to the wire before losing in the closing minutes. The Braves finished 6-3 after a season ending upset loss to Ike of Yakima. Senior leadership and an outstanding group of Juniors were the key to a solid season. The Braves look forward to bigger and better things next year.

CROSS

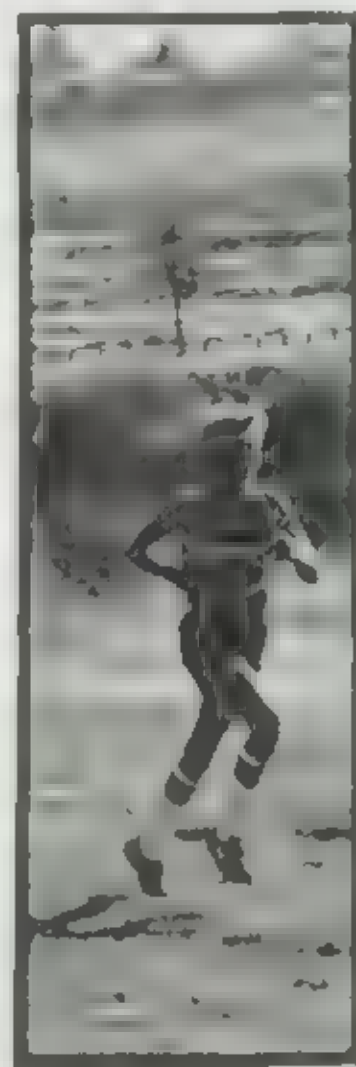

COUNTRY

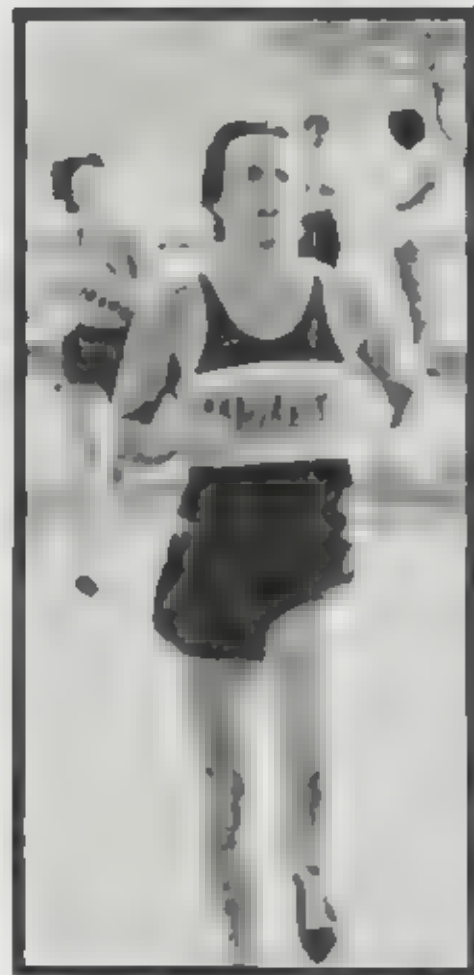

Kamiakin fielded a strong young boy's team which finished 4-4 in league competition. Seniors Paul Steidl, Torrey Borms, and Mike Lauria led the Braves Boys Varsity, while Chris Jansen and Diane Lindholm led the Girls team.

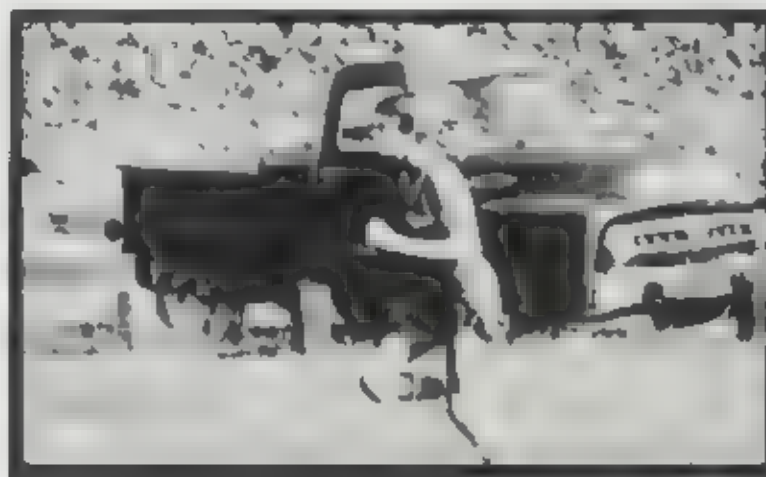

Kamiakin featured a new coach, Mark Painter, and a new course, 5 kilometers in Columbia Park. In a sport which does not receive recognition, Cross Country runners participated largely for the fun and for the "health" of it.

We surprised our community this year with our rapid adjustment to the new scheduling. The ASB took advantage of the chance to have lunchtime activities and more organized meetings. We had an ASB class together each morning and had more opportunities for planning and overseeing our accomplishments. Some of which were a Pee-Chee Contest, Twelve Days of Christmas, Computer Dance, a Re-written Constitution, Inter high Exchange, a Movie Day and an excellent group of class club officers and homeroom reps! Our goal was to unite the students of Kamiakin as a whole. In turn, to boost student involvement, school pride and show of our brave spirit! That's why we're #1!

(CE2)

(CE2) stands for Career Education and Community Experiences. The program accepts mostly Seniors and some Juniors, and provides them with a program that relates to community activities. These activities explore career interests and add to their total academic education. This page represents some of the activities of the Kamiakin students

Mrs. Bell, Brian VanLoo, Mr. Sauer, Nancy Martin, Mike Gregory, Greta Wadley, Karan Padilla, Diane Thompson, Becky Hebling, Rick Paulson, Mrs. Stevens

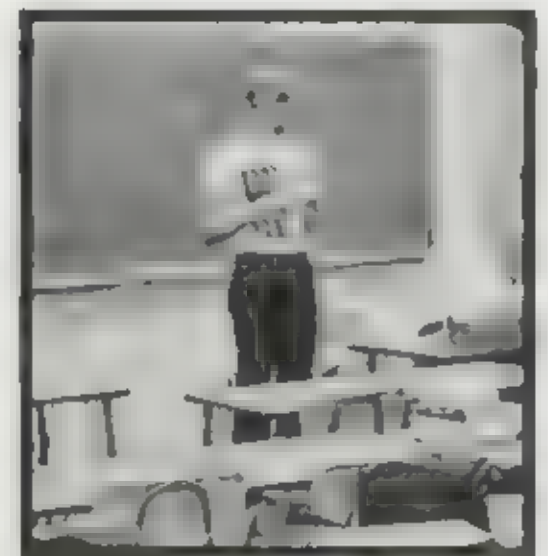

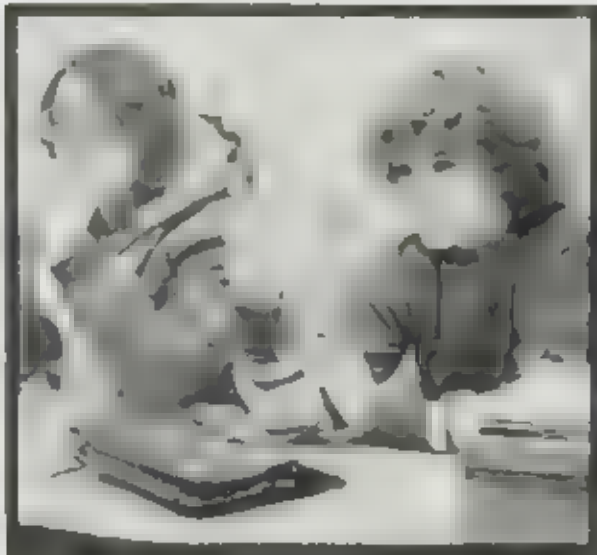

COE

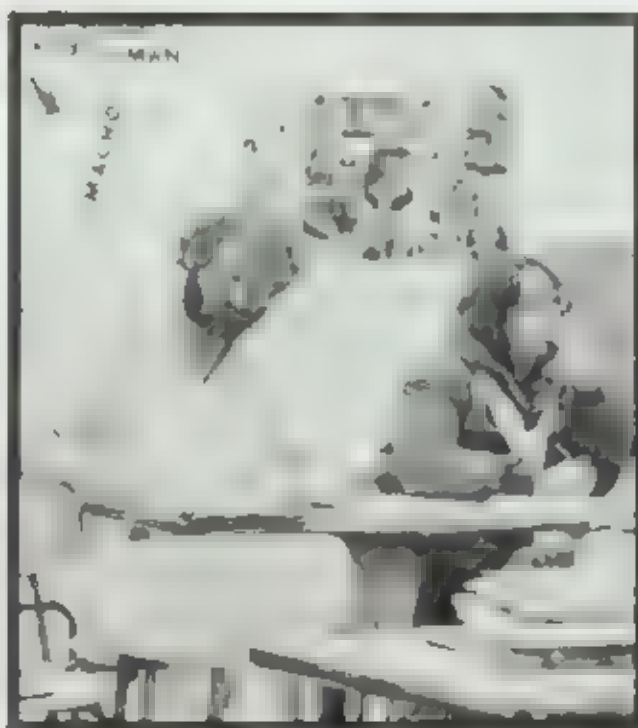

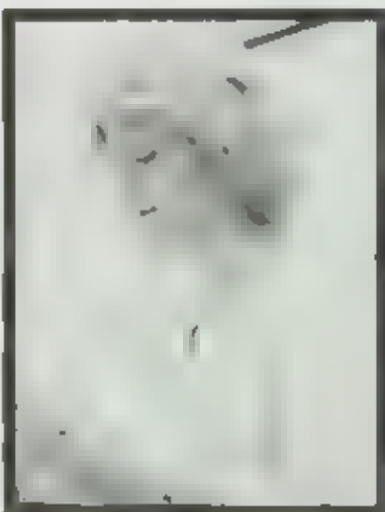

COE is a one year course in which students are employed in a business office at least twelve hours a week, with pay. This course provides the student on the job work experience in the secretarial, clerical, bookkeeping, and data processing occupations. Students who complete the program successfully will have a good work experience record for the future.

FUTURE FARMERS OF AMERICA

Kamiakin FFA Chapter has grown rapidly in these past three years to become one of the largest FFA Chapters in the Yakima to Tri-Cities area. Presently the active membership totals over one hundred members enrolled in Vocational Agriculture classes and taking part in FFA sponsored activities.

With this growth has come many State awards. At the 1979 State FFA Convention, the FFA Officers were awarded plaques in: A) Community Service improvements for the Kamiakin landscaping project, B) and participation in March of Dimes sponsored activities. This fall the Kamiakin Chapter competed in the Pacific International Livestock Exposition and had the 2nd high point individual contestant from over 600 FFA competitors from the states of Washington, Oregon, Idaho, and California.

Included in this years FFA plans are recreational fishing and camping trips, many agricultural related FFA competitions, trips to numerous areas and state agriculture related activities, another community service activity, and continued support for the March of Dimes programs.

The French Club is open to anyone who is now taking or who has taken French. Its purpose is to give students a chance to be together outside the classroom and work together toward common goals. The biggest goal this year has been to raise enough money to bring an Amity Aide to Kamiakin. Our Aide, a French girl who will be here during the Spring, will share her culture and language with us in class.

The German American Partnership Program is an exchange of American and German students for a month to six weeks for the purpose of building international understanding and broadening the student. The cost of the exchange is round trip fare and whatever spending money the students require. Students improve their ability to use the language and learn to appreciate another culture. Kamiakin day finds German students in costume. Dirndl's and Lederhosen showing slides of castles and scenic areas of Germany.

INTER-DISTRICT

Clair prepares a dinner party for her five dearest enemies

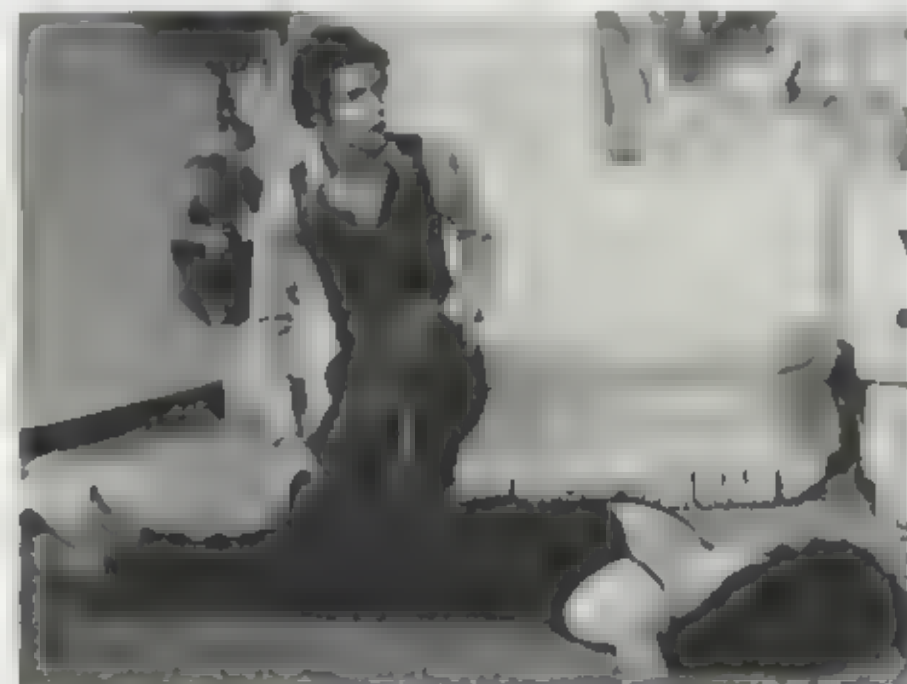

Jeff & Isabel. Isabel: Tonight's just bringing out the worst in everyone

Jeff with movie director Grenoff. Grenoff: We can't kill the picture. They delivered the script in a coffin

Wilma: I may have had a few drinks too many in those days, but I wasn't bad

Horton with Wilma's body: Attack nothing! She's been poisoned

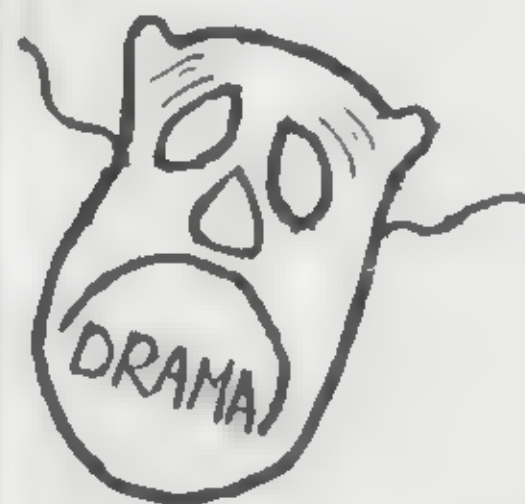

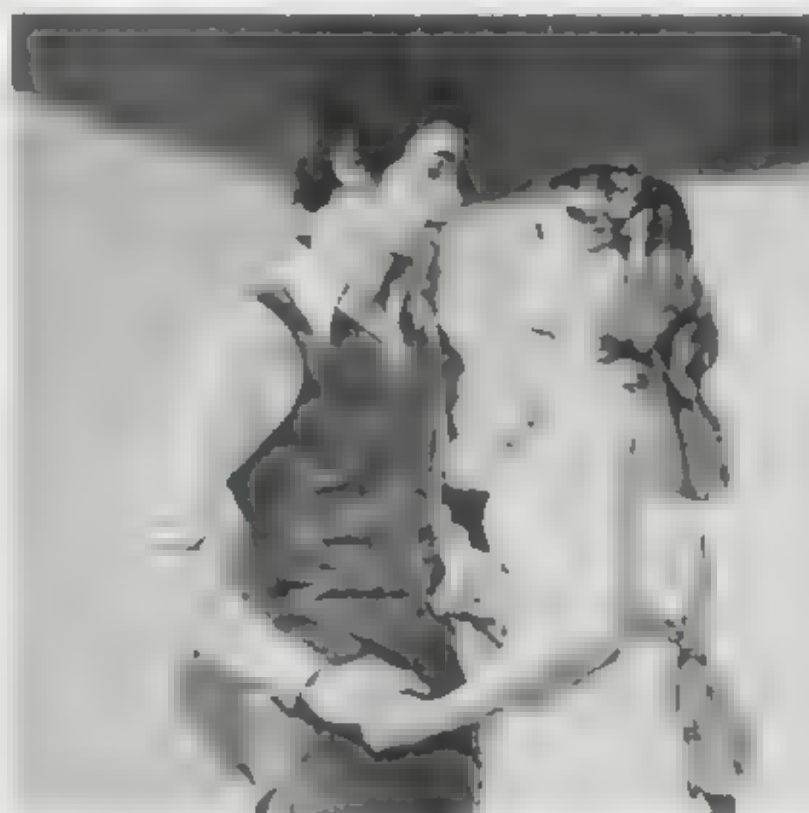

THE PEN IS DEADLIER Not only did this production contain two murders and ever mounting suspense, but also the fascinating psychological overtones and undertones that impel the murder to the crime. Atop one of the fashionable Hollywood Hills, Clair Clarendon, top gossip columnist, reigns supreme over her helpless targets. Their lives and loves are ruled by her pen and it is not surprising that all of them, from her own daughter to a young man ghost writing her life story could wish her dead.

Lin Maples to Virginia Beautiful night for a stroll, wasn't it?

Maples I find it doubtful the murderer will strike again immediately anyway

Phyllis: Easy Horton. if anyone ever strikes a responsive cord in me, he'll never get away

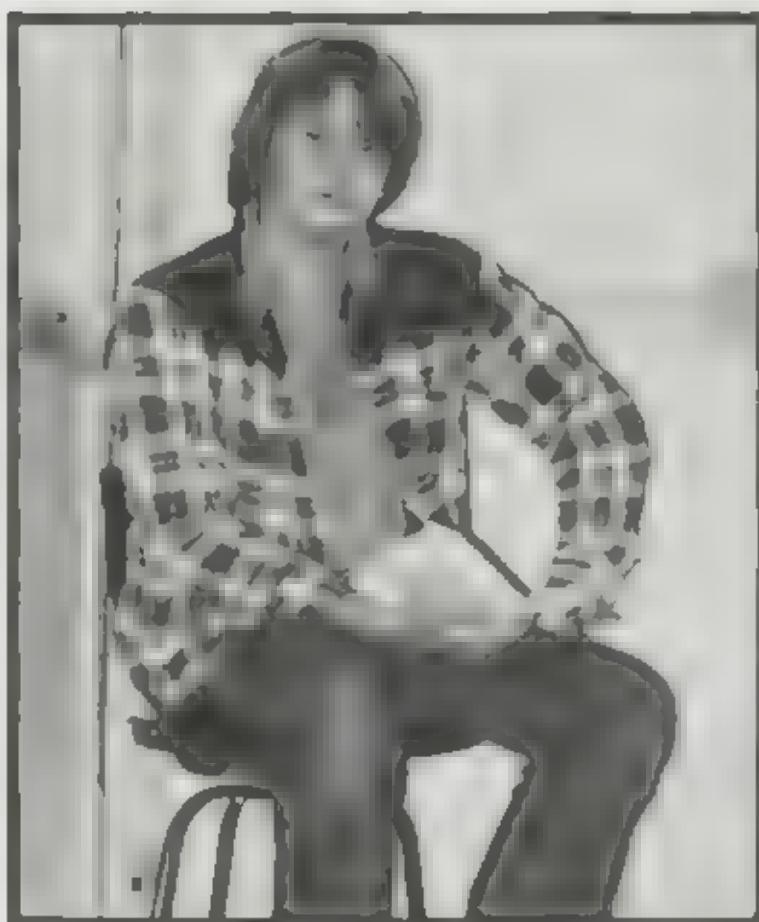

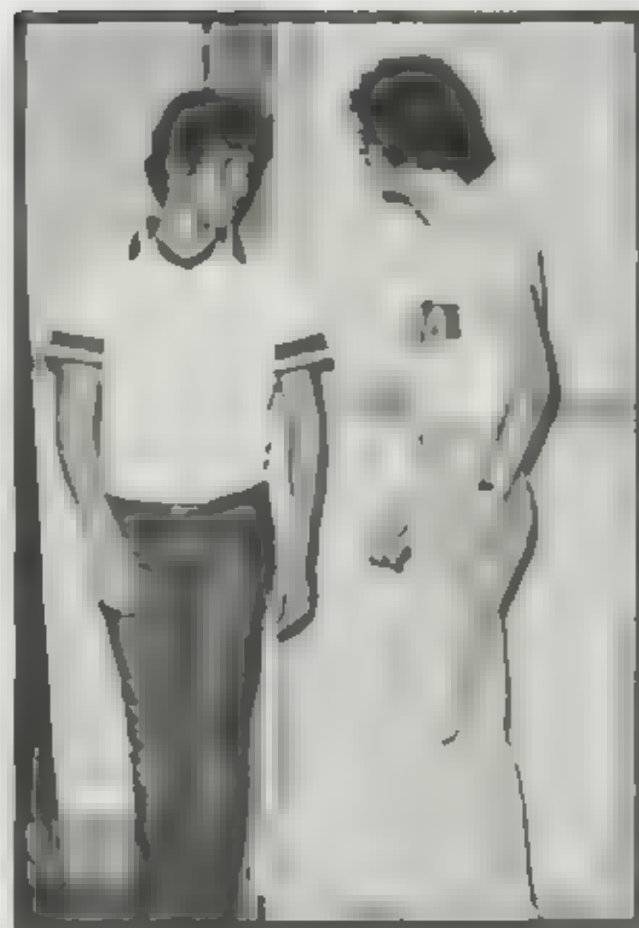

Mrs. Griggs You've got to go while you can. Please, go. Don't stop for anything.

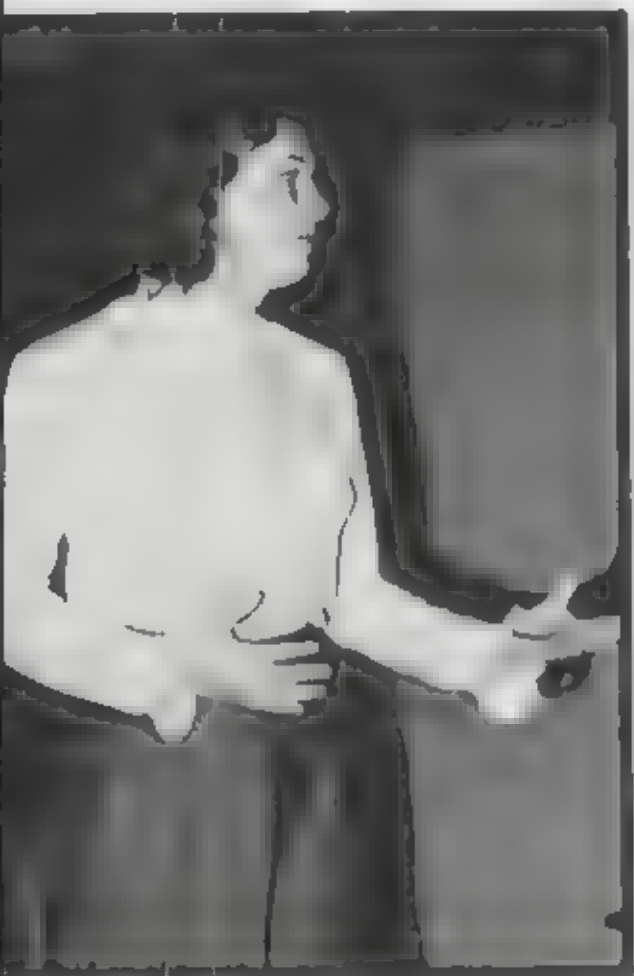

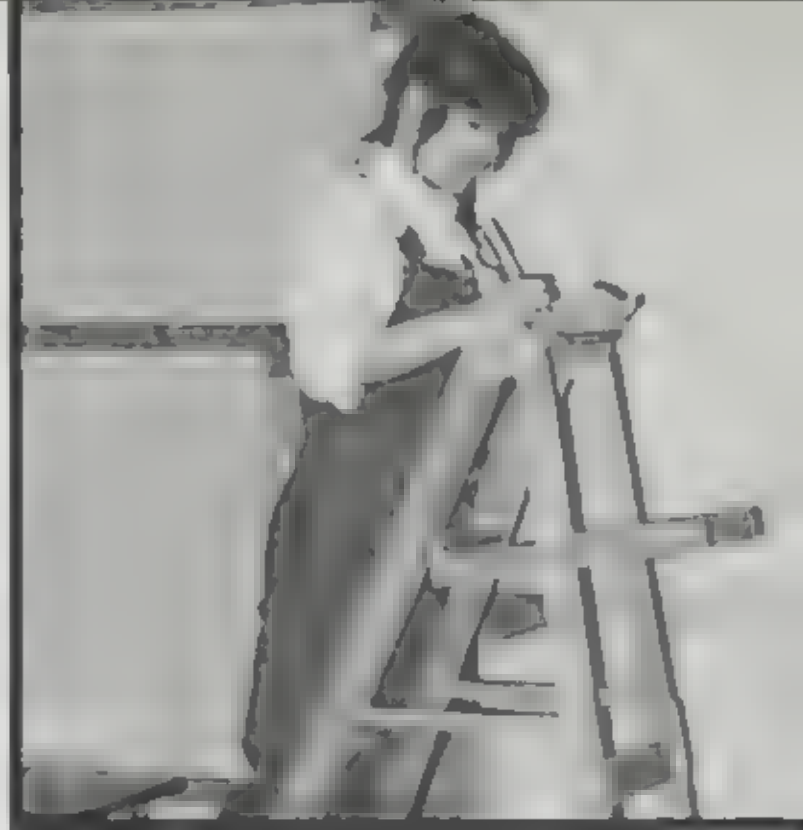

Phyllis to Clair It honestly doesn't make any different. I've never had a mother, I've never had love

OUR TOWN

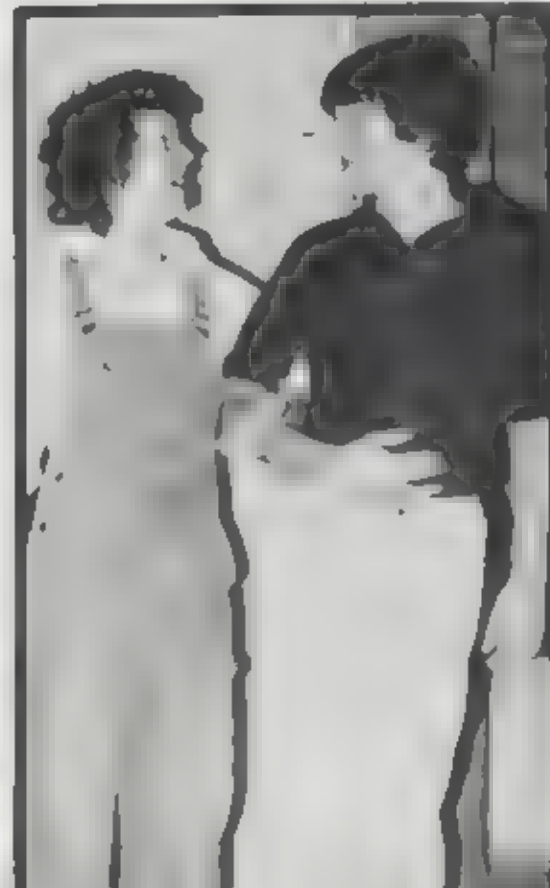

Drama Production class presented a condensed version of Thornton Wilders play. It was performed for the Literary Themes classes who were reading the play as a class assignment

DANCE THE

NIGHT AWAY

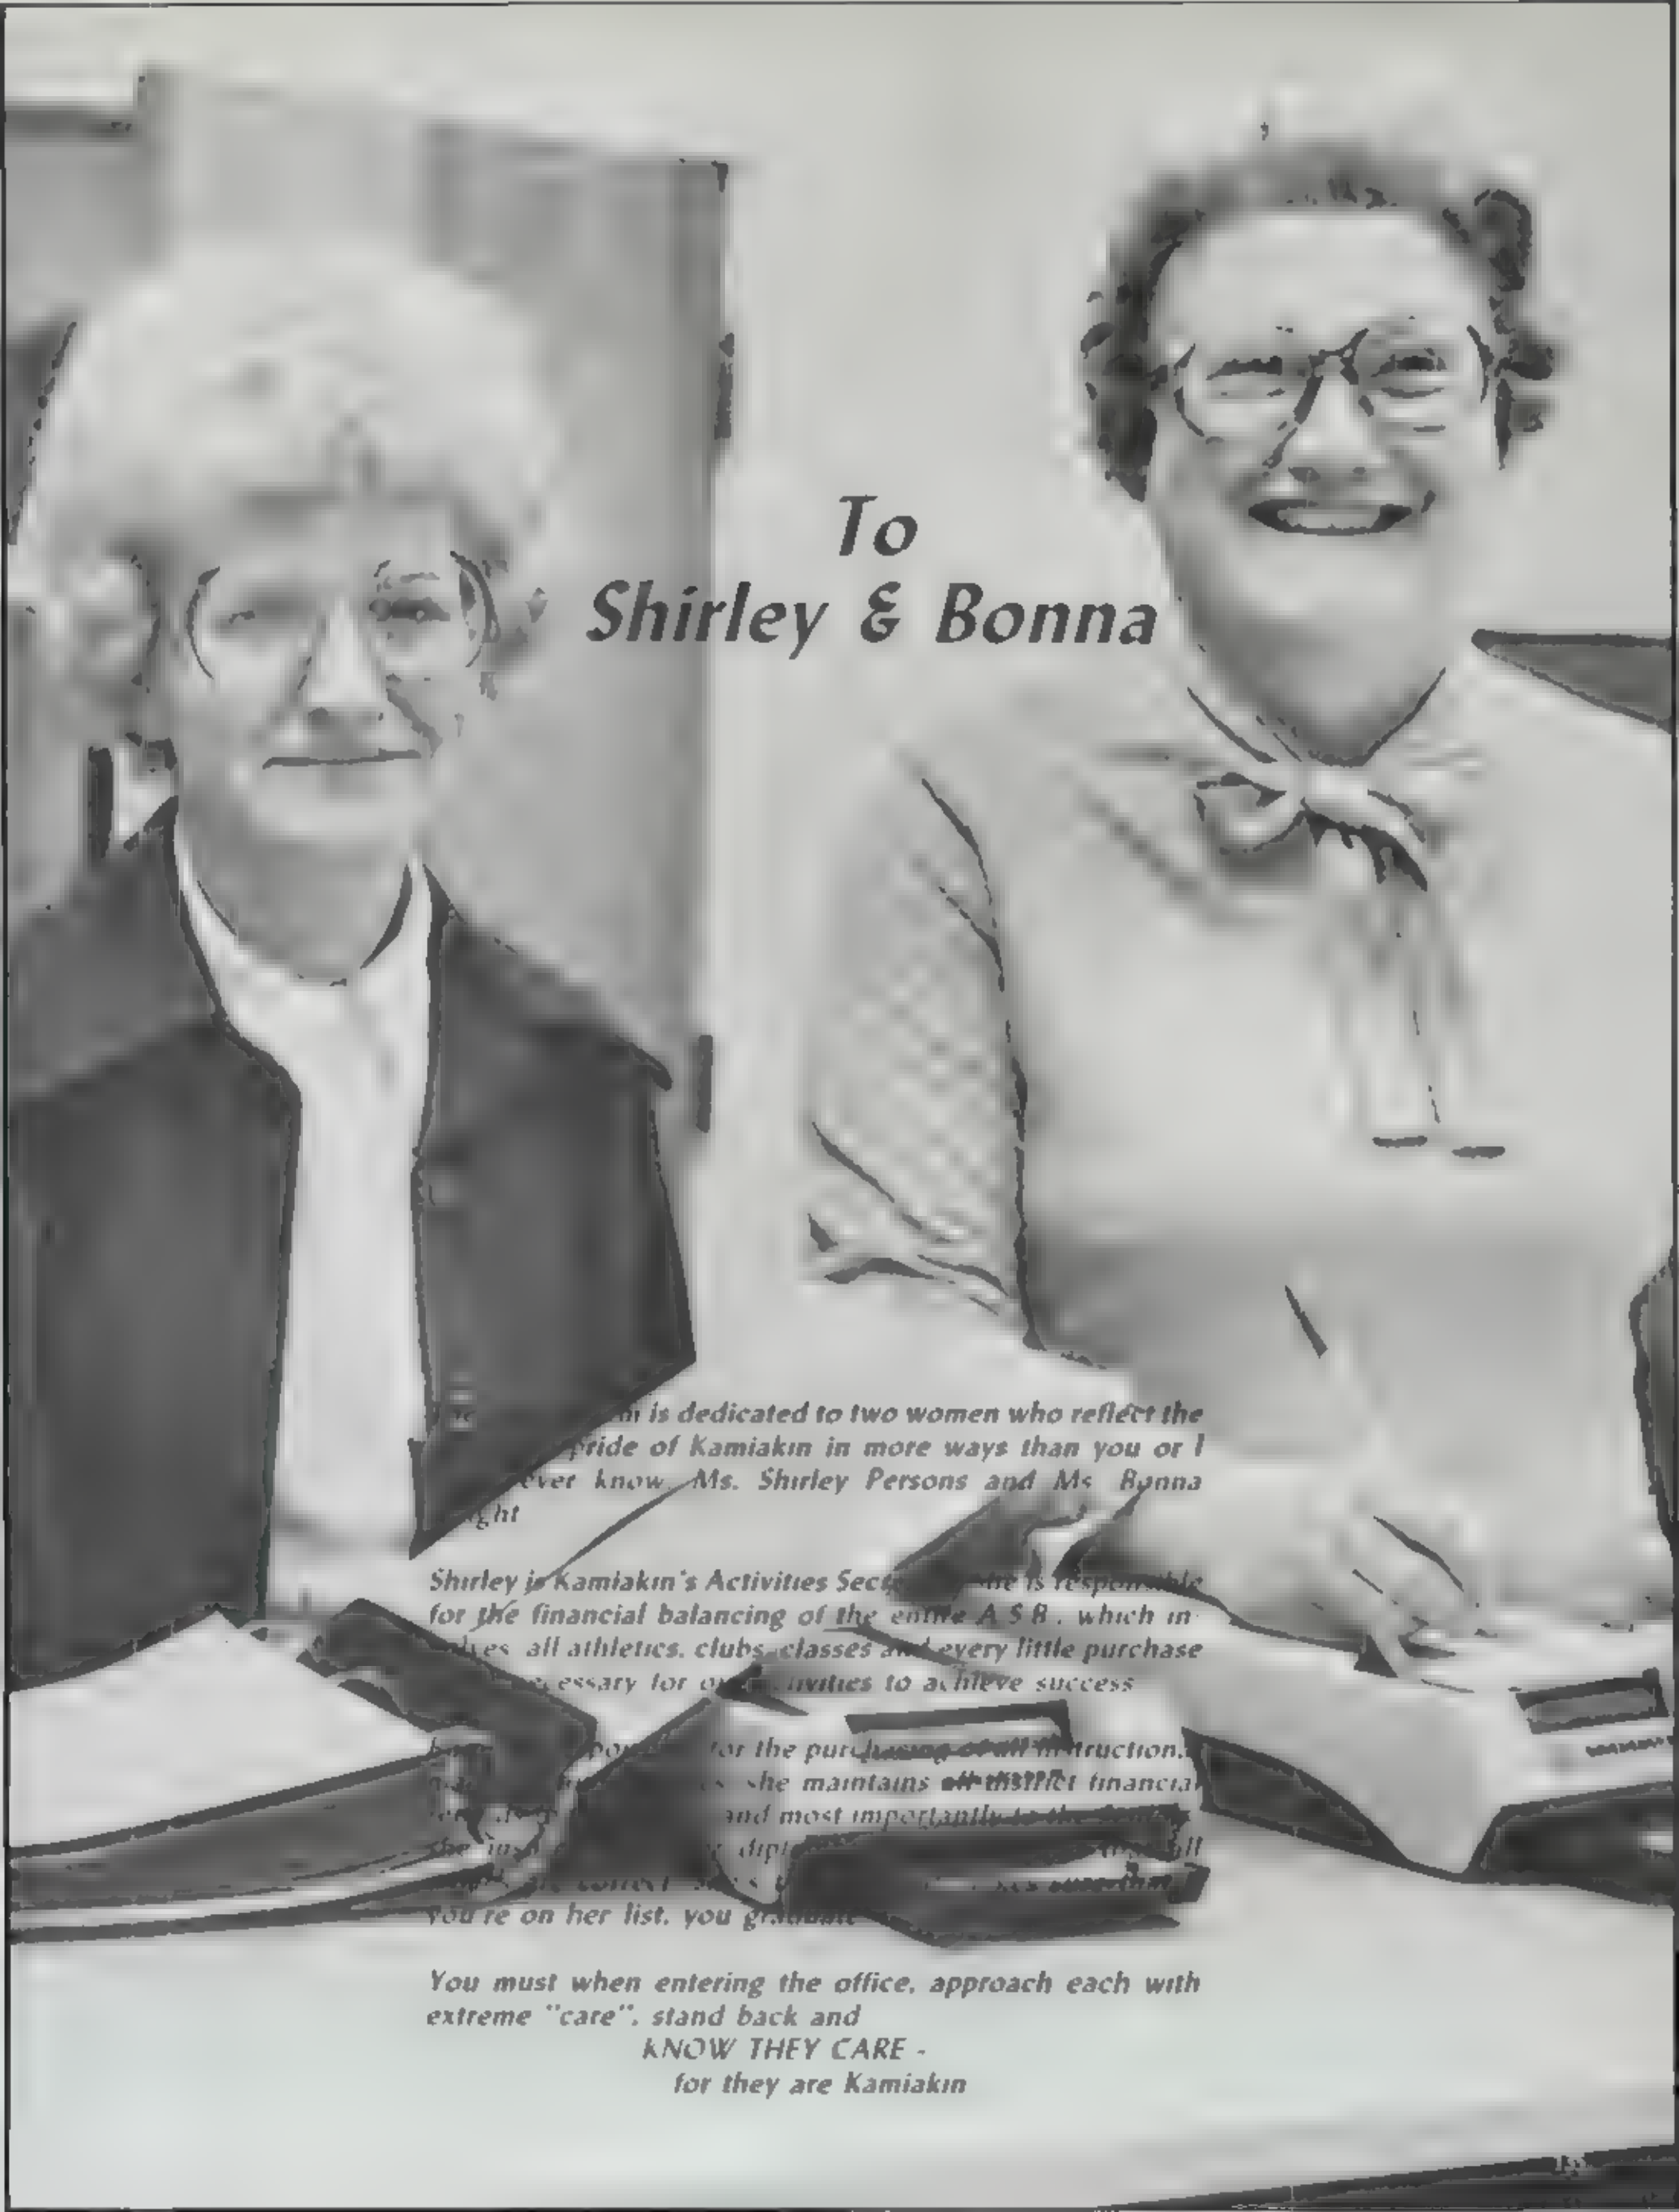

A high-contrast, black and white photograph of a sky filled with large, billowing clouds. The clouds are dark and textured, with bright highlights where they catch the light, creating a dramatic and moody atmosphere. In the center of the image, there is a small, rectangular text box with a slightly distressed or torn-edge appearance. The text inside is in a serif font and reads: "The greatest pleasure in life is doing what people say you cannot!"

*"The greatest
pleasure in life
is doing what
people say you
cannot!"*

*"Is it so small a thing
to have enjoyed the sun,
to have lived light in the spring,
to have loved,
to have thought,
to have done?"*

To Shirley & Bonna

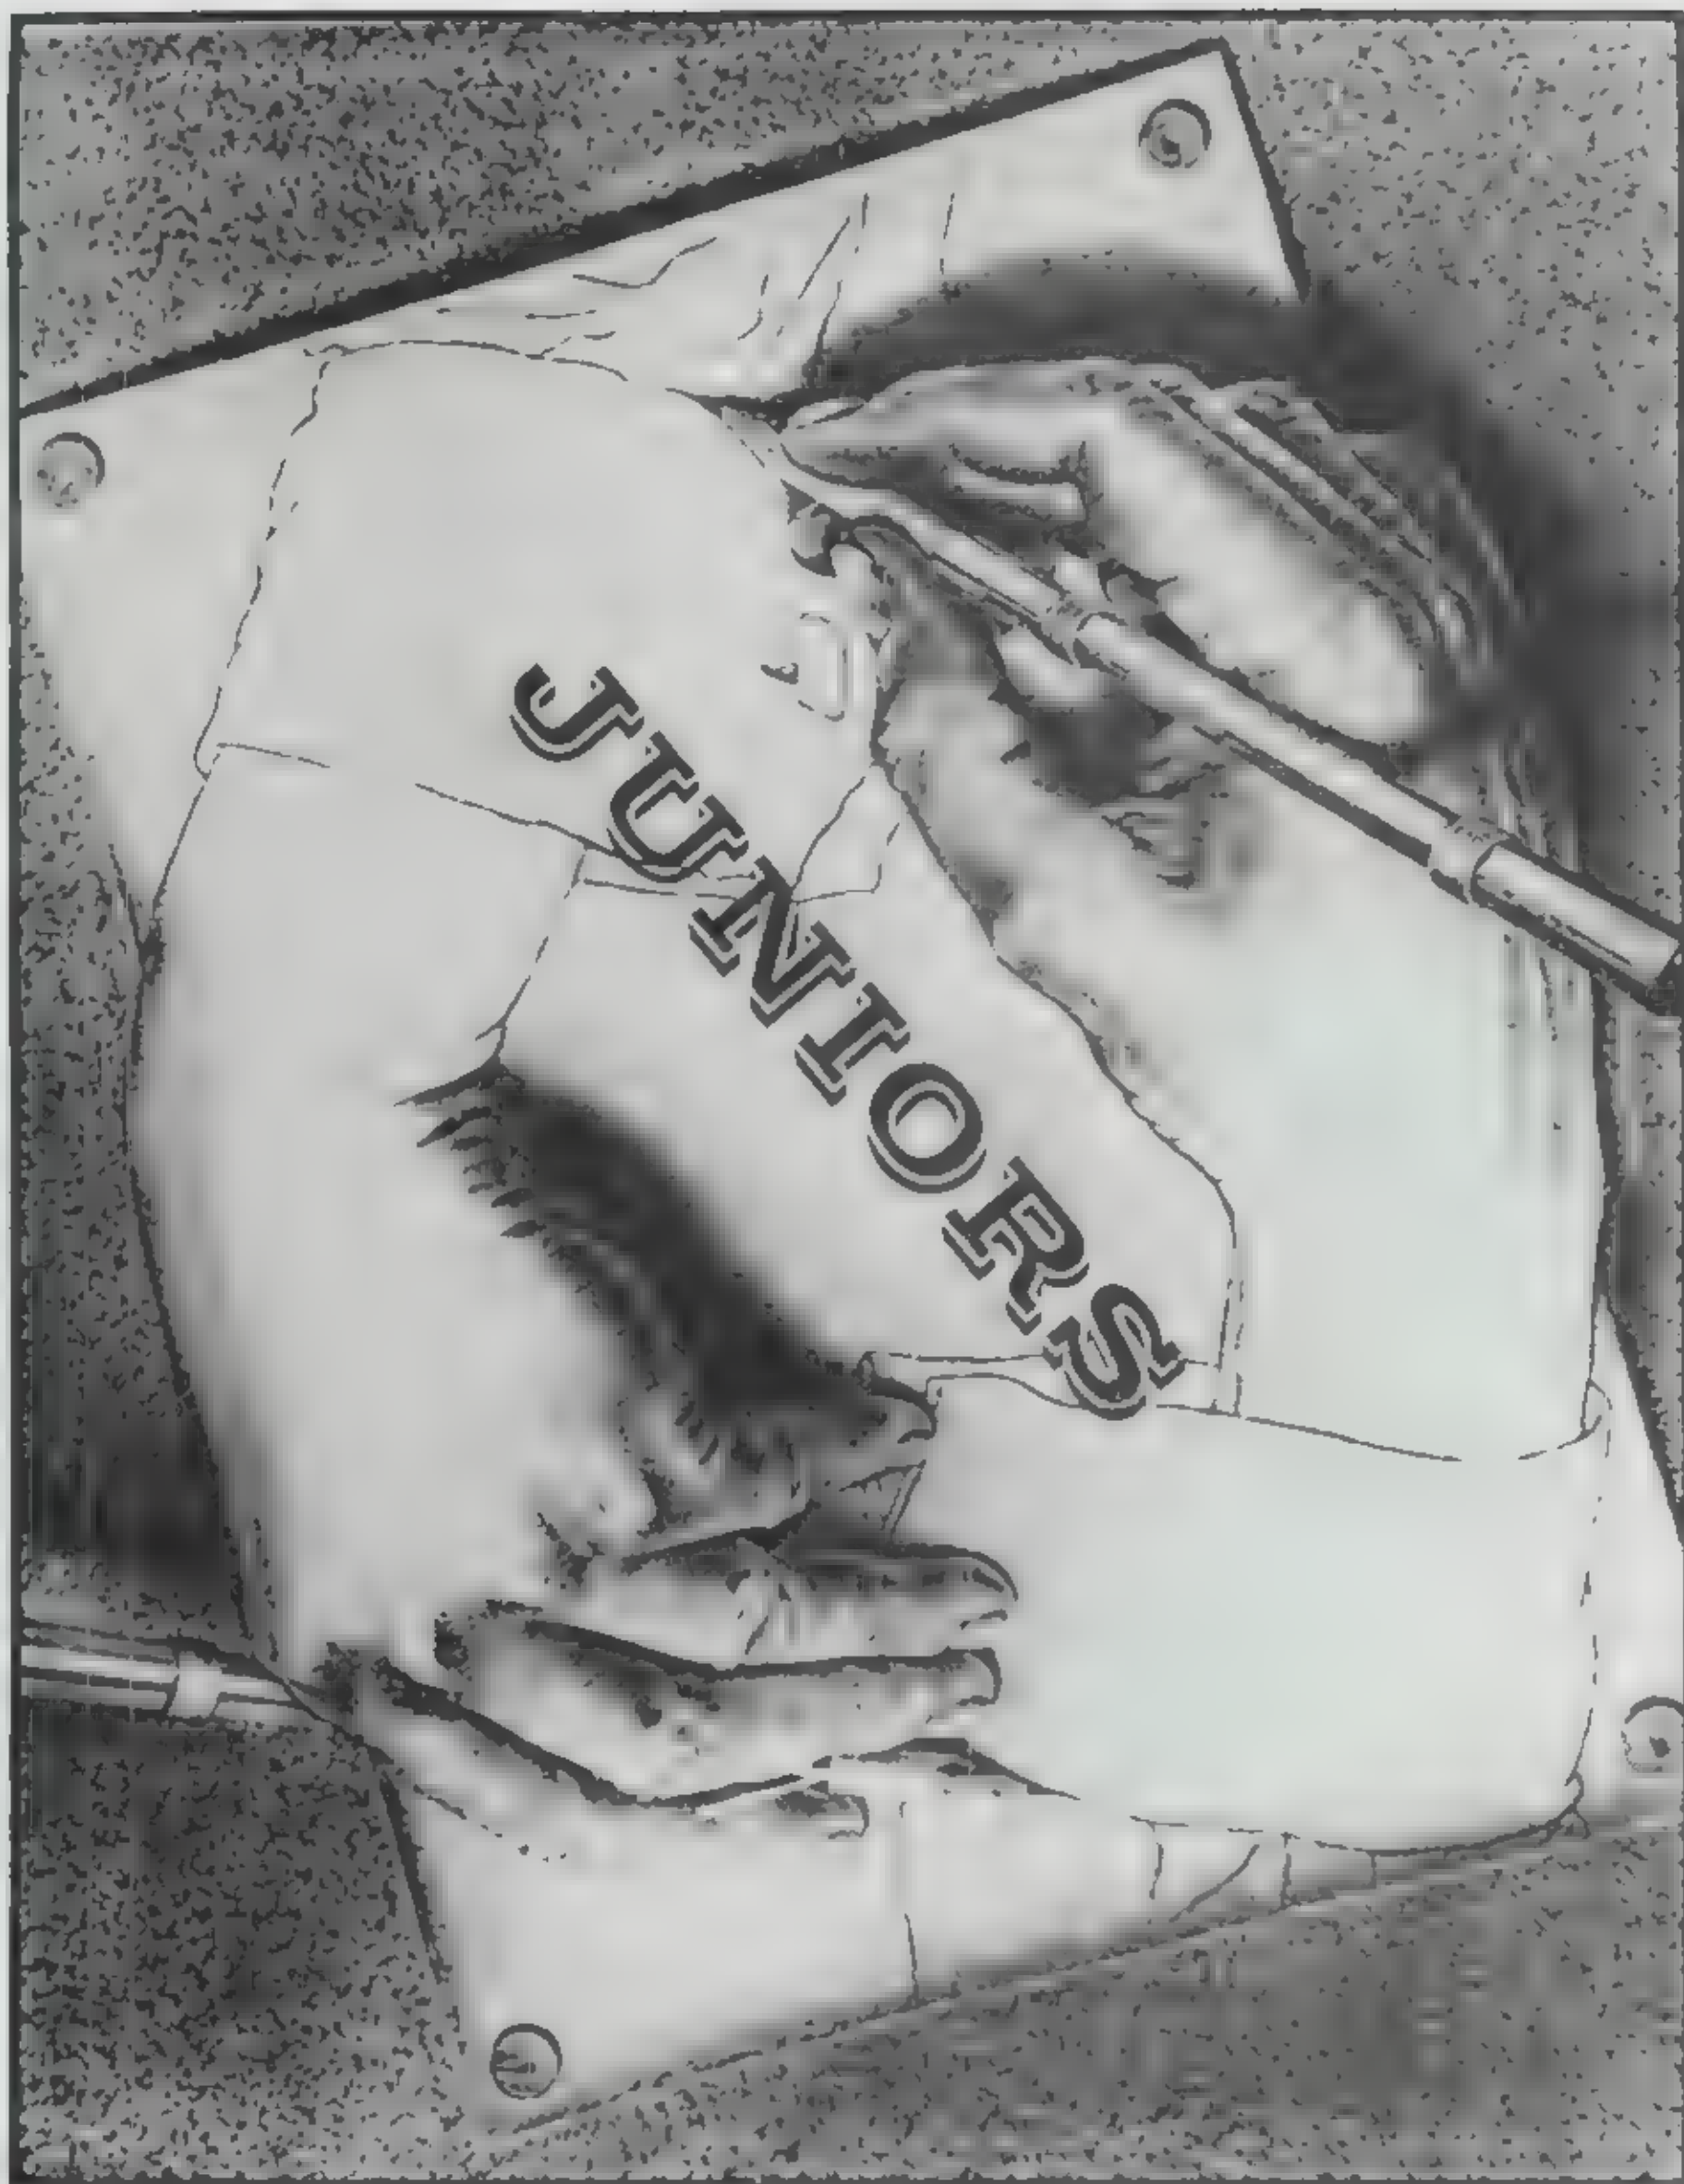

The yearbook is dedicated to two women who reflect the pride of Kamiakin in more ways than you or I ever know. Ms. Shirley Persons and Ms. Bonna [unclear]

Shirley is Kamiakin's Activities Secretary. She is responsible for the financial balancing of the entire A S B, which involves all athletics, clubs, classes and every little purchase necessary for our activities to achieve success.

Bonna is responsible for the purchasing of all instruction. She maintains the most perfect financial record in the school and most importantly to the students, she is the one who diplomas. If you are on her list, you graduate.

You must when entering the office, approach each with extreme "care". stand back and
KNOW THEY CARE -
for they are Kamiakin

"Common friendships will admit division: one may love the beauty of this, the good humor of that person, the liberality of a third, the paternal affection of a fourth, the fraternal love of a fifth, and so on. But this friendship that possesses the whole soul, and there rules and sways with an absolute sovereignty, can admit no rival."

GERMANY

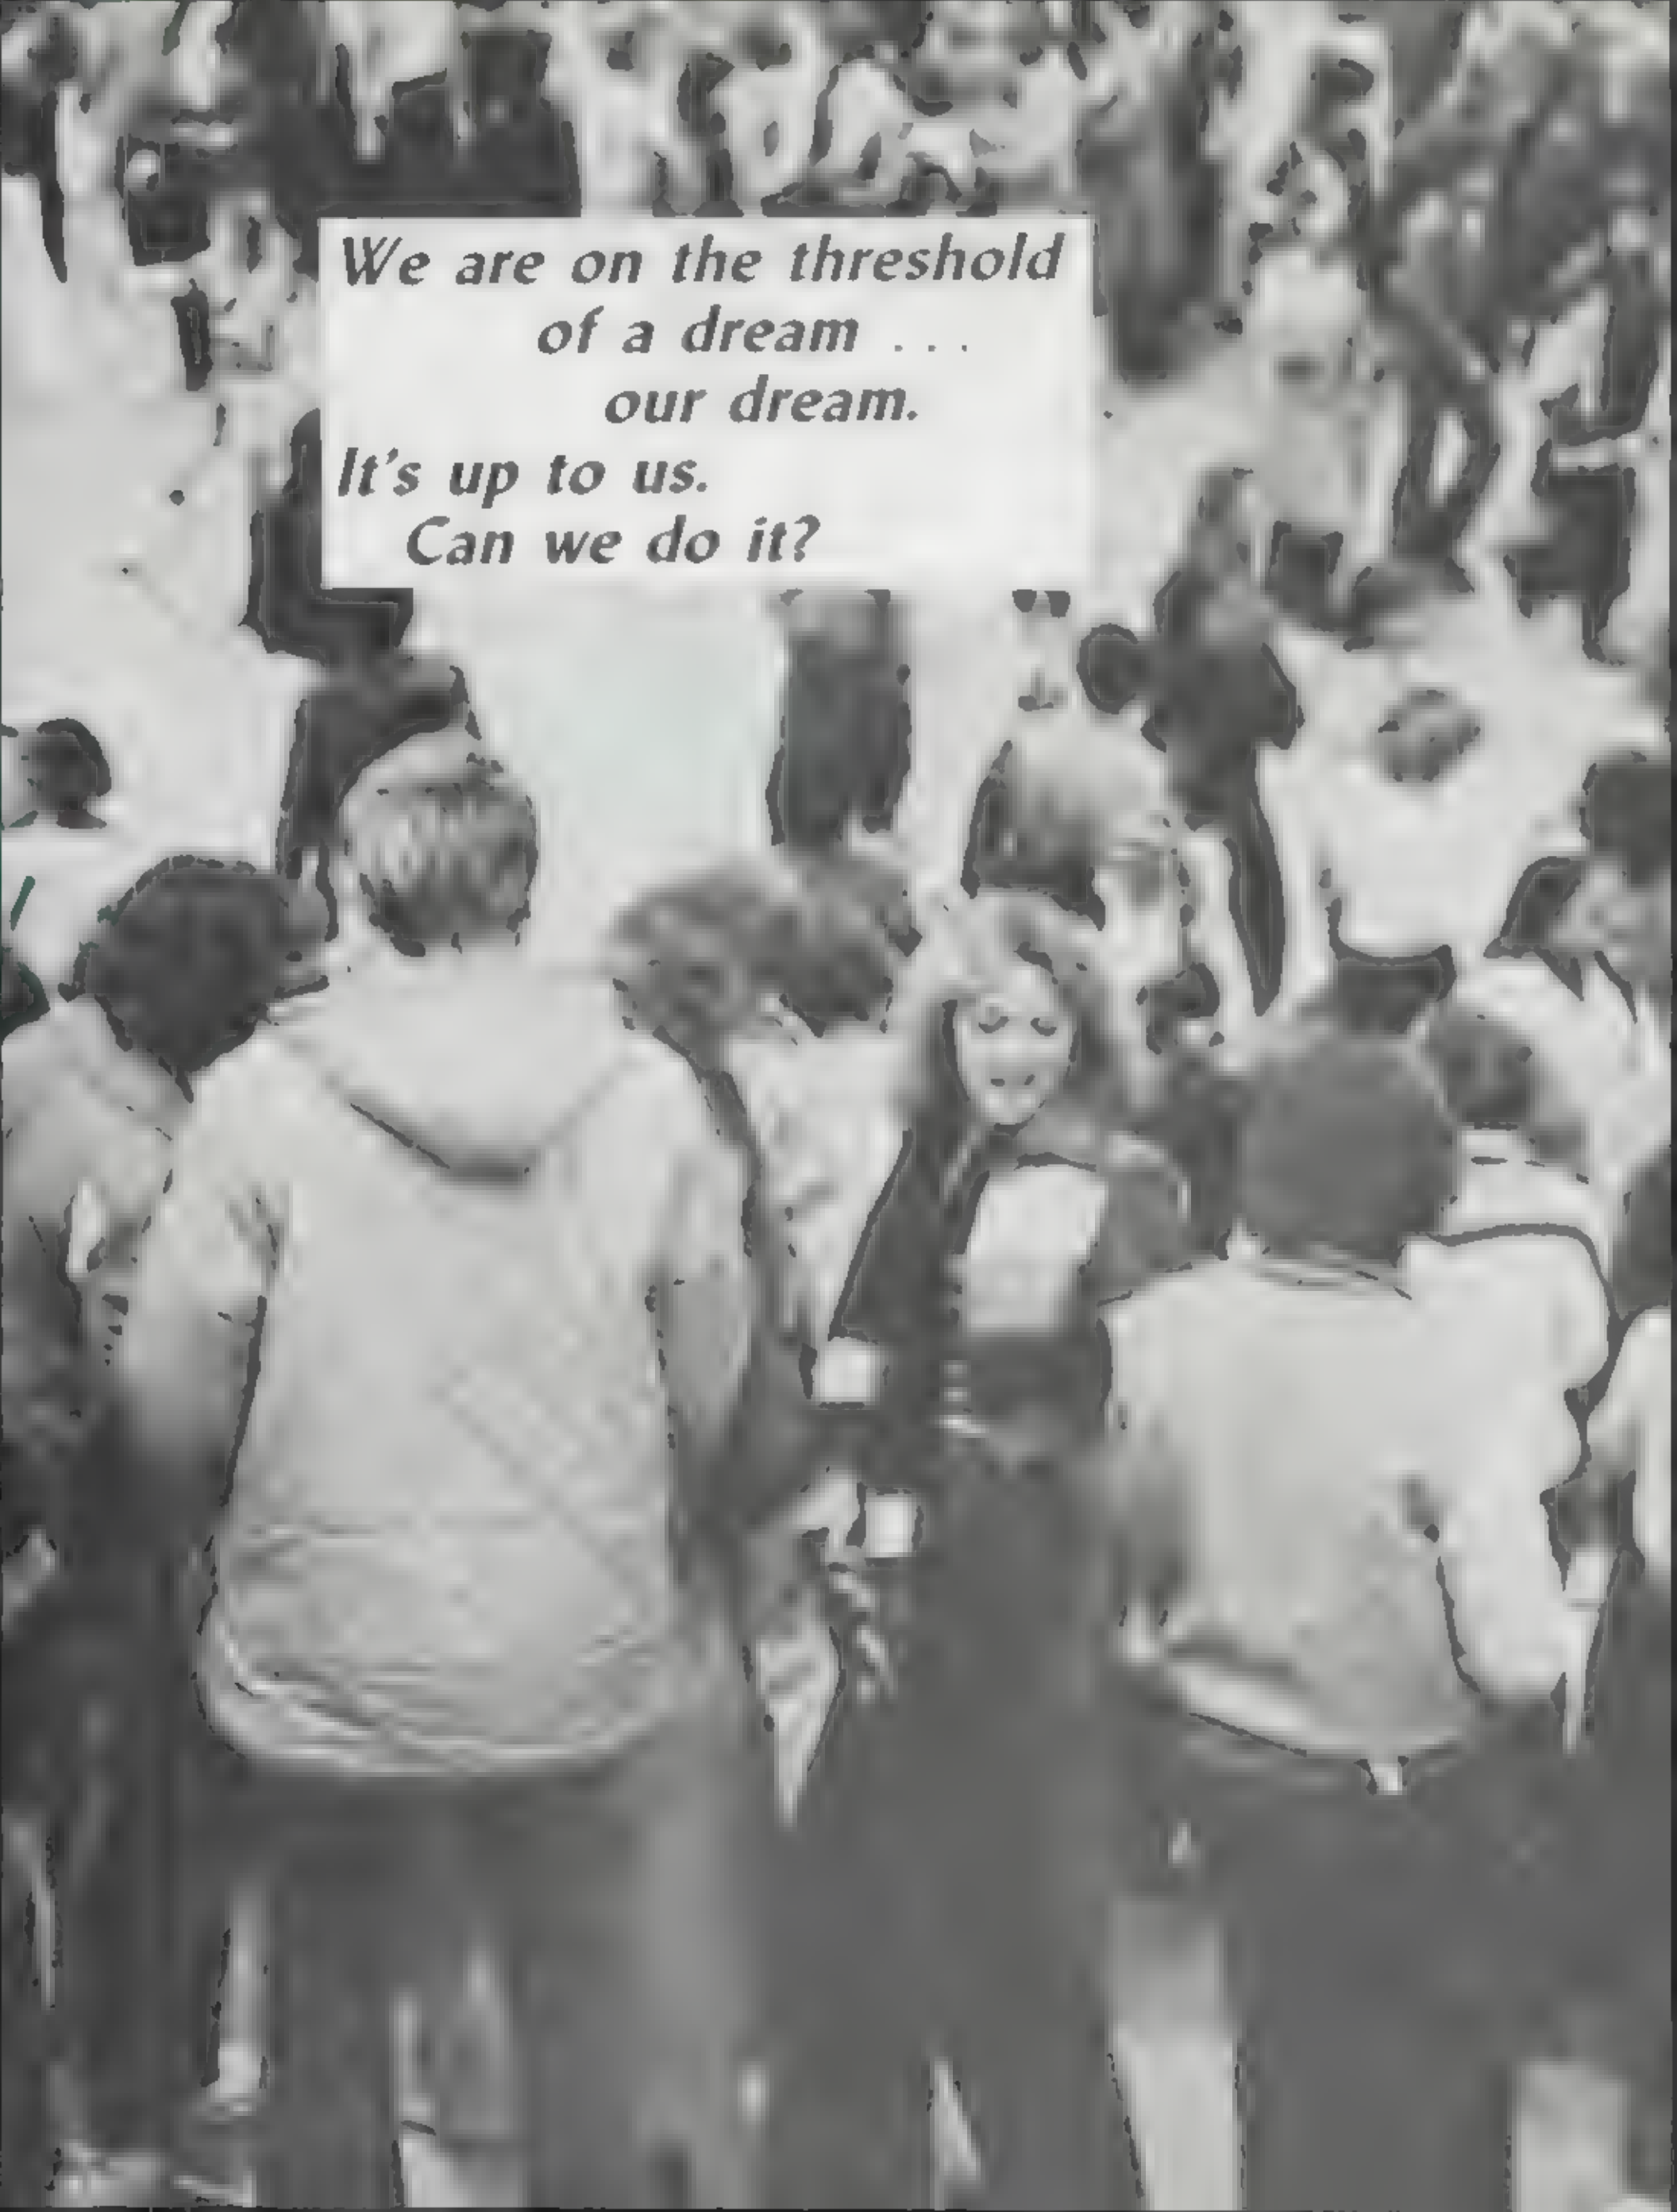

HEIDI BAMBURG GERMANY

"I live in a little town called Arnsberg which is situated in Nordshein, Westfalen. We have many big forests and in summer there are many flowers

I like the friendly people at Kamiakin and have a good time watching football games. (we do not have them in Germany). all those funny TV-shows and eating 'Burgers' and 'Ice Cream

Kamiakin offers its students many subjects and sports I like that, as well as all the friendly teachers

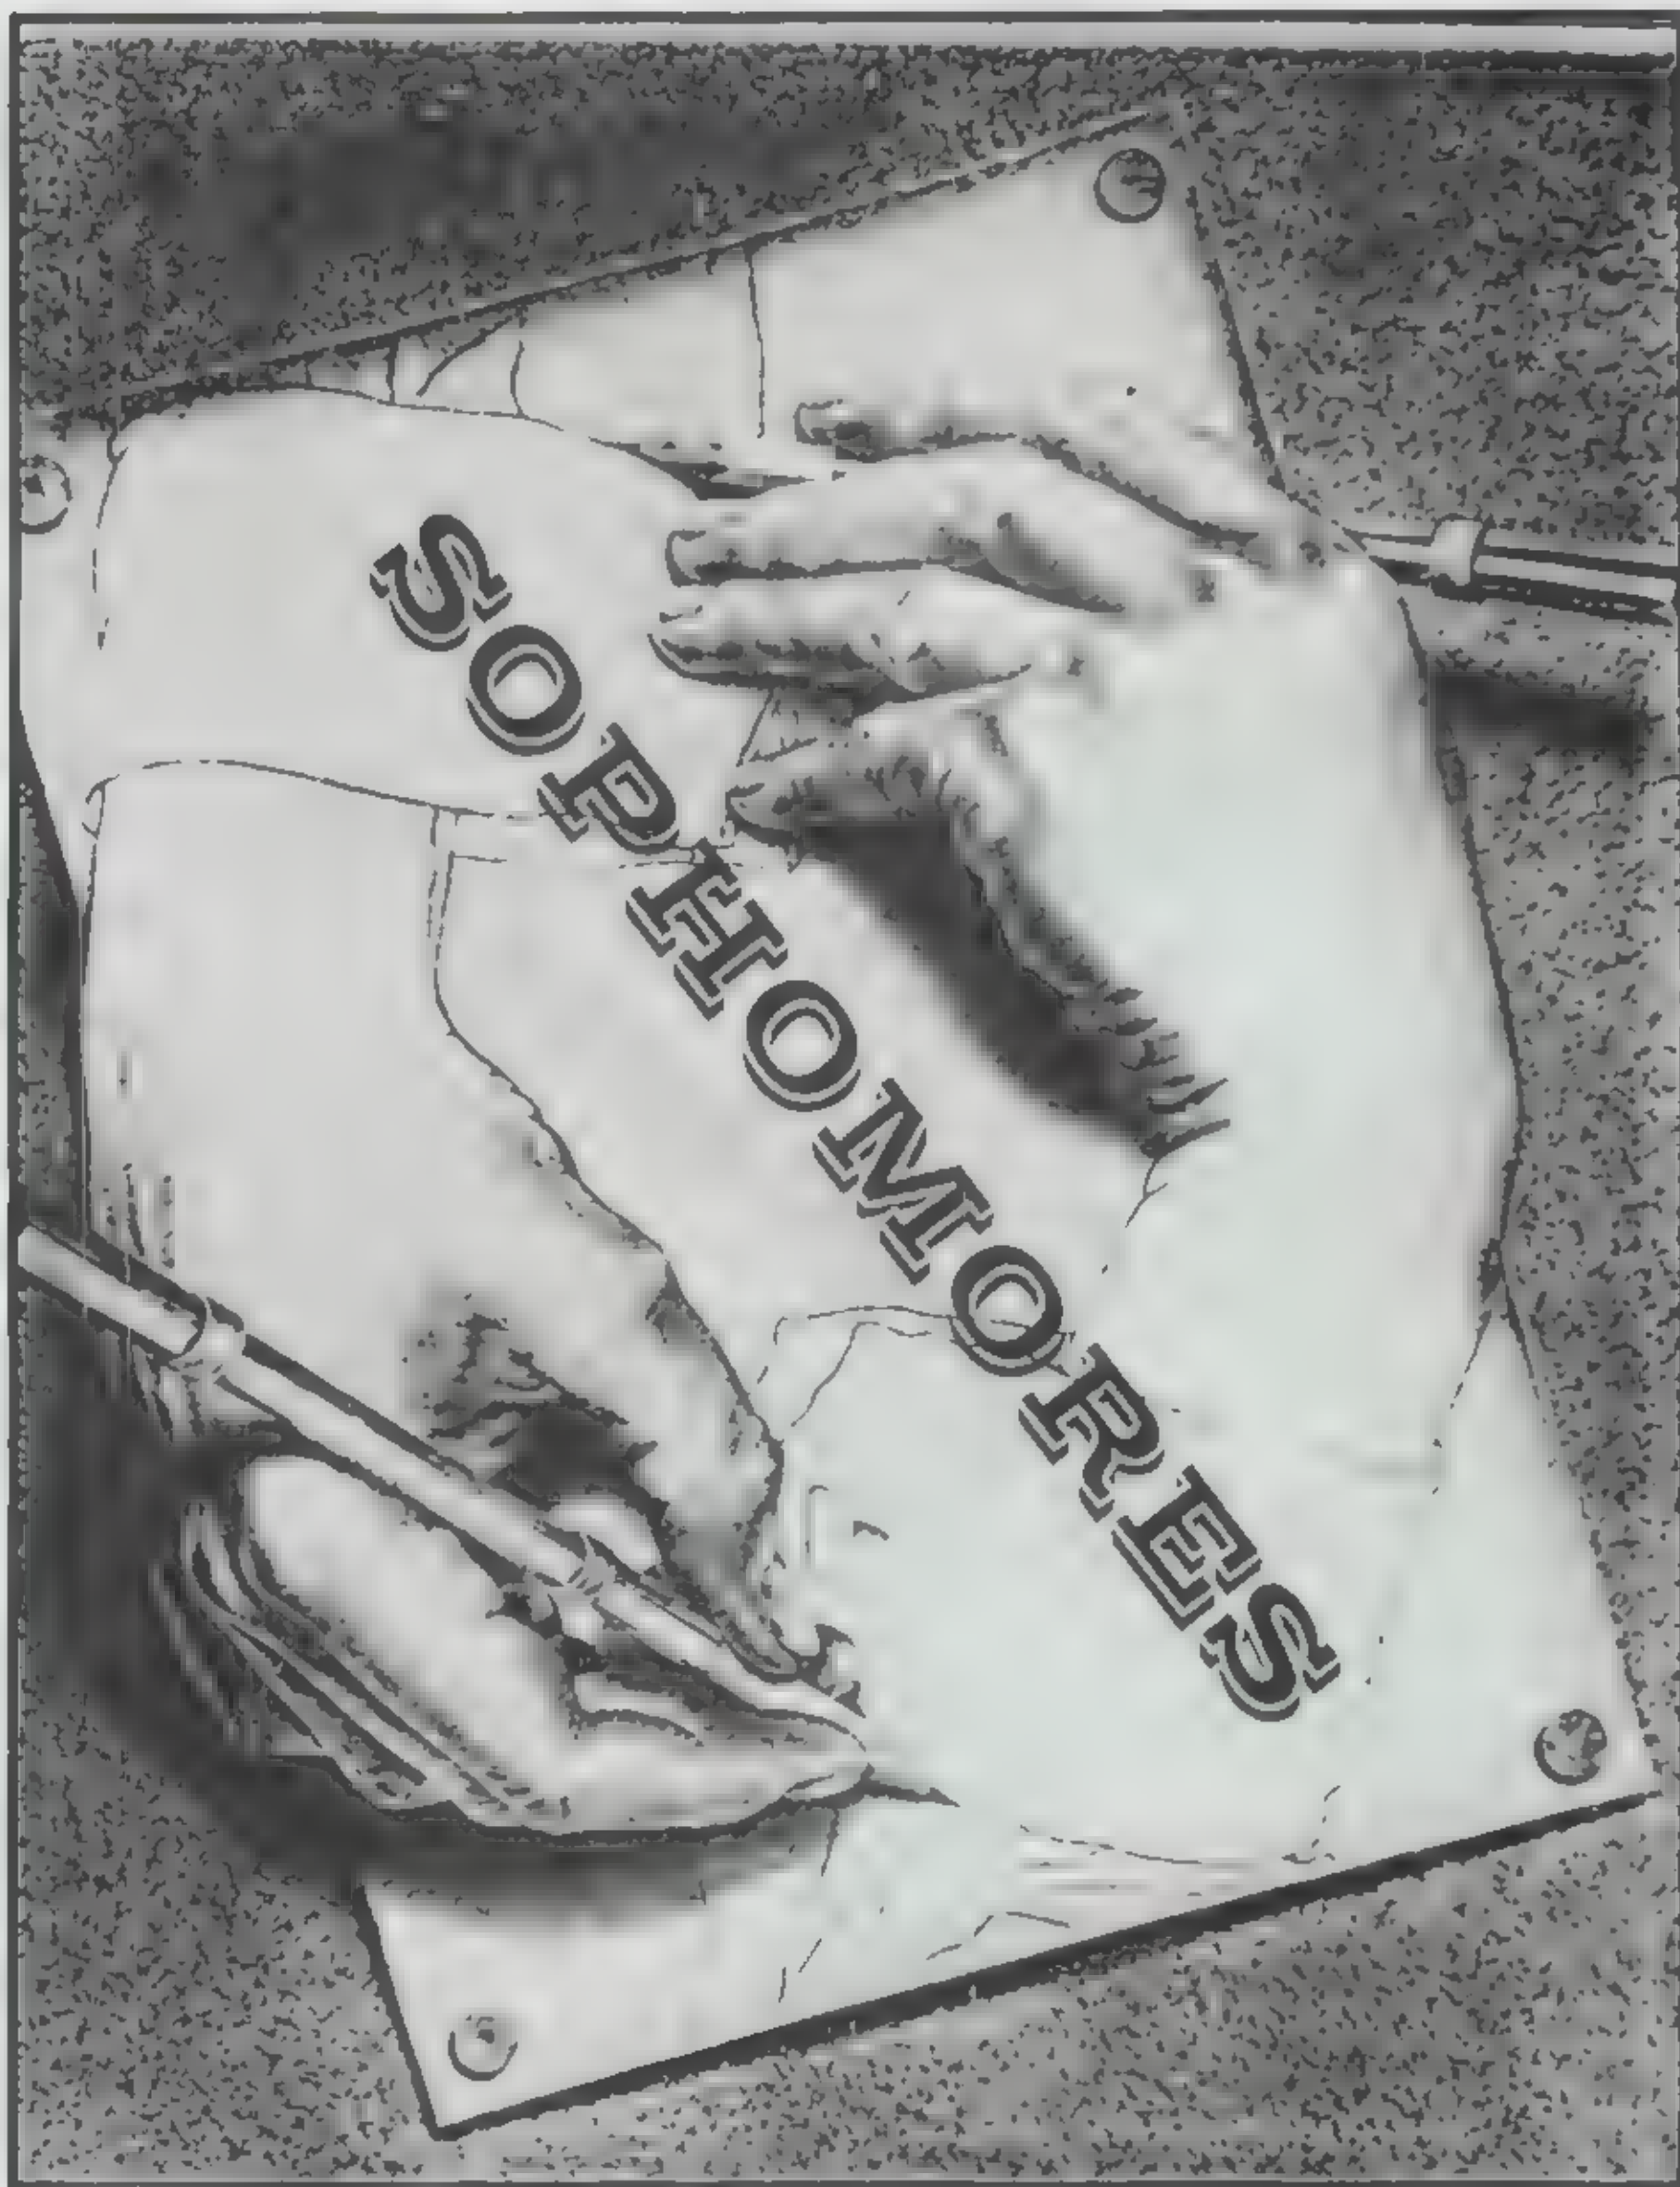

I would like one day to be able to do something related to animals or languages. but of course, I wish to come back one day to see more of the United States."

Greg

since you don't want me to write anything dirty, that leaves me with very little left to say. I'm having A Hard time writing this. not because of this sentimental moment, But because my hands are sweaty and you won't let me get it damp or dirty. So that's going to limit what I'm going to write. I don't write very much when I'm signing year books. I can't even call you those sweet names that made you and thrust laugh when you called me them. So I'm just going to draw a picture of you and me
